Mosmatic 65.039, DKZ Ceiling Car Wash Boom, Z-Series, 5ft 9in 17ft 40in 67in 34in

Model Number: 65.039

Mosmatic 65.039, DKZ Ceiling Car Wash Boom, Z-Series, 5ft 9in 17ft 40in 67in 34in

Manufacturer: Mosmatic

Mosmatic DKZ 65.039 Ceiling Car Wash Boom Z-Series 5'9" 17' 40" 67" 34"

The ideal solution for self-service car wash systems. The special shape of the Mosmatic Z-boom allows the installation of up to four ceiling booms in one wash bay. This enables the installation of additional profit-generating, ceiling booms for cleaning rims or an air-system boom for vacuuming or drying within a small space in addition to the normal high-pressure and brush wand.

360° for maximum freedom of movement
The Z-series ceiling boom with its special shape is designed for wash bays in which one boom is not sufficient. The Z-series design allows each individual boom to be repeatedly turned 360° without colliding with another one. Let your creativity take over and install up to four ceiling booms in one wash bay.

Your choice of inlet and outlet points
All Mosmatic ceiling booms are fitted and delivered with a standard G1/4” inner and outer screw thread. We can also fulfil individual requests and offer a variety of thread sizes and types. An additional fitted connection to the fluid supply guarantees maximum freedom of choice and can be adapted to any individual self-service car wash

High quality swivels
Top quality ensures a long life! All the internal parts are made of stainless steel. They are maintenance-free and easy turning even under high pressure.

Hose protection / tension relief
During minimum to normal pressure on the boom, special hose protection provides optimal stress relief. In addition to hose protection, the optional tension relief lessens extreme pressure on the boom.

Steambrite Supply

Mosmatic 65.039, DKZ Ceiling Car Wash Boom, Z-Series, 5ft 9in 17ft 40in 67in 34in

Well insulated
The high-pressure hose housed inside the boom is also protected with insulation against heat and cold.

Ready to install
All Mosmatic booms are delivered pre-assembled. You can install the booms yourself by following the enclosed instructions. The boom is ready for immediate use after being connected to the media supply.
