Malish 773817 Steel Wire 17inch Scrubbing Brush TUFF-BLOCK

Manufacturer: Malish

Malish 773817 Steel Wire 17inch Scrubbing Brush TUFF-BLOCK  
For cleaning hard surfaces

>

>

Nylon and polypropylene scrubbing brushes feature .028" diameter fill material throughout the block. Nylon is more flexible and will last the longest, while polypropylene is an economical alternative.

Steel Wire (.014" diameter) is the most aggressive of the series, for use on unfinished concrete surfaces.

\*Shower feed holes not included on brush sizes 12in and under
