Model Number: 773821

Malish 773821 Steel Wire - 21inch Scrubbing Brush TUFF-BLOCK

Manufacturer: Malish

For cleaning hard surfaces

>

>

Nylon and polypropylene scrubbing brushes feature .028" diameter fill material throughout the block. Nylon is more flexible and will last the longest, while polypropylene is an economical alternative.

Steel Wire (.014" diameter) is the most aggressive of the series, for use on unfinished concrete surfaces.

*Shower feed holes not included on brush sizes 12in and under
