Clean Storm 30040, 3/4in Male Garden Hose X 1/2in Barbed Brass

Model Number: 30040

Clean Storm 30040, 3/4in Male Garden Hose X 1/2in Barbed Brass

Manufacturer: Clean Storm

Clean Storm 30040 Brass Hose Adapter: 3/4" Male Garden Hose Thread (MGHT) x 1/2" Hose Barb

Description

Upgrade and streamline your fluid transfer systems with the high-durability Clean Storm 30040 Brass Fitting Adapter. Precision-machined from heavy-duty brass, this fitting is engineered to seamlessly bridge standard 3/4-inch male garden hose threads (MGHT) to a 1/2-inch inner diameter (ID) flexible hose barb. Perfect for pressure washing setups, carpet extraction equipment, water lines, irrigation systems, and industrial fluid applications, it delivers a secure, leak-resistant connection designed to withstand tough operating conditions.

The corrosion-resistant brass construction ensures maximum longevity and structural integrity even under demanding use. The raised barbed stem grips flexible tubing securely, providing optimal flow control and stability when paired with a standard hose clamp.

Features

- **Durable Brass Construction:** Heavy-duty solid brass provides excellent strength, longevity, and resistance to corrosion and wear.
- **Precision Threads:** 3/4" Male Garden Hose Thread (MGHT) offers a tight, reliable seal with standard garden hose fittings and equipment outlets.
- **Secure Barbed Connection:** 1/2" Hose Barb end grips flexible hose interiors firmly to prevent slippage and fluid leaks.
- **Versatile Application:** Ideal for pressure washers, carpet cleaning machines, water supply lines, and industrial plumbing tasks.
- **Optimal Flow Performance:** Designed to maintain maximum water volume and pressure without restrictive flow bottlenecks.

Specifications

Brand
Clean Storm

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Brass Fitting > Threaded X Barbed > Clean Storm 30040, 3/4in Male Garden Hose X 1/2in Barbed Brass

Clean Storm 30040, 3/4in Male Garden Hose X 1/2in Barbed Brass

Part / Model Number
30040

Material
Solid Brass

Connection Type A
3/4" Male Garden Hose Thread (MGHT)

Connection Type B
1/2" Hose Barb

Suitable Media
Water, Non-corrosive fluids

Fitting Type
Adapter / Connector
