Clean Storm 000-052-019, 3/8in Mip X 3/8in Fip Steel Swivel Fitting, Not live, 6M-6UFS, PHY052-019, 140466

Manufacturer: Clean Storm

Clean Storm 000-052-019, 3/8" MIP x 3/8" FIP Steel Swivel Fitting, Not Live

Description

The Clean Storm 000-052-019 is a high-strength 3/8" MIP x 3/8" FIP steel swivel fitting designed for secure pipe and hose connections in demanding industrial and pressure cleaning setups. Finished with a durable zinc plating for superior corrosion resistance, this heavy-duty steel fitting offers optimal performance and protection against wear.

Please Note: This product is a "Not Live" swivel fitting. "Not Live" means that the fitting swivels freely during installation to facilitate easy line alignment and thread engagement without binding or kinking your hoses. Once fully tightened for actual use, it locks into a fixed position and will not swivel during operation. It resumes swiveling only when you break the fitting loose for maintenance or uninstallation.

Key Features

- **Durable Steel Construction:** Built to withstand high-pressure applications and rugged conditions.
- **Zinc Plated Coating:** Provides an added layer of protection against rust, oxidation, and chemical corrosion.
- **"Not Live" Swivel Functionality:** Swivels during installation for seamless setup and tight alignment; locks solid during operation to prevent leaks under pressure.
- **Easy Uninstallation:** Frees up and swivels again once unthreaded or broken loose for convenient teardown or replacement.
- **Standard Porting:** Standard 3/8" Male Iron Pipe (MIP) to 3/8" Female Iron Pipe (FIP) connection sizes.

Technical Specifications

Brand / Manufacturer
Clean Storm

Part Number
000-052-019

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Steel Fittings > Clean Storm
