Saphire Scientific VersaClean CRB1580 Ecap Dry Cleaning Machine and PreScrubber

Manufacturer: Saphire Scientific

Saphire Scientific VersaClean CRB1580 15" Wide Counter Rotating Brush (CRB) Dry Cleaning Machine VLM (Very Low Moisture) and PreScrubber TM4

The CRB1580 delivers powerful low-moisture cleaning as simply as vacuuming! Ideal for quick carpet touch-ups and for use in interim cleaning programs, the CRB's 15 in. cleaning path allows you to clean and brighten carpets at up to 7500 sq. ft. per hour, extending carpet life and ensuring consistent, like-new carpet appearance day after day.

Clean up to 7,500 sq ft per hour (929 sq meters)

Commercial carpet cleaning system that gives you 6 machines in 1.

1. Pre-scrubbing agitator for before hot water extraction.
2. Adsorbent powder and encapsulation dry carpet cleaning machine.
3. Hard floor cleaning machine.
4. Pile lifting machine.
5. Area rug and wool cleaning machine.
6. Hair removal machine.

Owners Manual

Do you walk over money at your job sites?

Do you say you are only a carpet cleaner and walk over the tile to get to the carpet?

Do you set the area rug out of the way so you can clean the wall to wall carpet underneath because you are scared they might bleed? Bring your carpet cleaning company into the 21 century with the TM4.

Can be used on dry, or damp carpet.

Change between brush types in under one minute. From soft area rug brushes, carpet cleaning brushes, tile cleaning brushes.

Ultra fast and super easy to use.

Counter rotation of brushes makes the machine glide over the carpet like a hockey puck on ice!

Built for the dry cleaning industry but quickly taking over as the best prescrubbing machine on the market today. Use before you rinse with your portable or truckmounted hot water extraction machine.

One machine can drive and clean the carpet, tile and delicate wool rugs.

Machines have splash proof electronics and can be used in rug pits, carpets and hard floor surfaces.

\$200 Discount when you package your full size (9+ gallons) portable carpet cleaning machine or truckmount with any CRB machine over \$2000.

Includes snap in stainless steel dust and splash covers and renovators for dirt and adsorbent power collection.

>

Includes: Transport and dolly tray with anti brush crushing technology.

Includes: Snap in Stainless steel splash and dust cover with transport wheels.

Includes: Snap in Stainless steel renovator trays with view windows.

Assembled in the USA from globally sourced products. (incl. standard brushes, renovators, dust covers, trolley, 3ft power cord)

Question: Are the soft white brushes that are supplied with the machine OK to use on wool, jute, sisal, and silk rugs?

Answer: The factory performed a change on brushes. The original design was to include a white soft brush for home carpet and natural fiber area rugs. These have been changed out, by default now you receive blue brushes that are both home wall to wall carpet and will also clean commercial carpeting. The white brushes (now optional) on the TM4 and TM5 do just fine on natural fibers, however, I do try brushes on any small area of the carpet or rug prior to performing the actual cleaning job.
