ProsChoice 2023C Air Fresh Tangerine 4 Gallon Case Deodorant

Use as an additive to your anti-microbial in water damage treatments or as an additive to your cleaning solution to leave a clean fresh scent.

Pro’s Choice Air Fresh is a commercial strength water based deodorizer. Any rental or leasing agent can tell you the carpet isn’t really clean unless it smells clean. Leave a light clean fragrance behind to let your customers know their carpets have been professionally cleaned the minute they walk in the door. When used as directed Air Fresh leaves just enough fragrance behind to deodorize without being overpowering. Air Fresh can be used as an additive for any carpet cleaning solution or applied with a trigger sprayer after cleaning. Air Fresh is available in Lemon, Cherry, Fresh & Clean, Crisp Linin, Tangerine, and Crisp Apple. Be sure to ask about seasonal fragrances.
Usage:
To use as an additive for a portable add 1 ounce per gallon of fresh water. To use as an additive in a truck mount add 16 ounces to 5-gallon concentrate. To use in a trigger sprayer after cleaning dilute 1 part Air Fresh with 10 parts water and mist throughout the room.
