US Products 6UH, Stainless Steel Rug Spotting Tool

Manufacturer: US Products

US Products 6UH, Stainless Steel Rug Spotting Tool
Description
Stainless Steel Rug Spotting Tool has been designed to quickly and efficiently draw cleaning and spotting products through a rug. This allows for effective, targeted flushing, of stains and spills such as urine, tea/coffee, red wine etc.

This Spotting Tool can also be used on upholstery if access is available from the rear of the fabric (i.e. zipped cushion) and can also be used on curtains.

The high quality stainless steel body, with aluminium mesh, allows for a stylish yet practical product.

The 'head' of the Spotting Tool measures 15cm x 15cm and full length of tool measures 37cm. It has a standard handtool size stainless steel tube which fits onto 1.5" hose cuff.

Aids in removal of spots and stains. Attaches to vacuum hose and sucks spotting chemical through fabric. The volume of air causes rapid drying, eliminating water rings and leaching of stains.
