Clean Storm DustDowner Dry Vacuum Mister for 2in Vacuum Hose AH20 W/ Cuffs

Manufacturer: Clean Storm

Clean Storm DustDowner Dry Vacuum Mister for 2" Vacuum Hose

Basically this is a spray jet install on a QD inside of a hose joiner.

For use with 2" vacuum hose. USES: Companion to the TurboBrite vacuuming tool. SECONDARY USES: Duct cleaning. Protects your machine's vacuum blower from dust while dry vacuuming. Sprays water inside vacuum hose to turn the dry dirt into mud so your machine can deal with the dry dirt. Place in line right next to the machine, or between the hose and wand (preferred). A constant supply of water sprayed into the vacuum hose insures that any grit and dust is quickly put into solution. Dry vacuuming is no longer a hazard for the equipment.

Upgrading from carpet and tile cleaning to air duct cleaning? What options Are There?
