Clean Storm 501035, Citric Acid, Anhydrous 50 lbs Bag in a Box, GTIN NA

Manufacturer: Clean Storm

Food Grade Citric Acid 50 lbs

A Specialty Spotting Formulation That can also Be Used to Correct BHT/BHA Yellowing/Browning on Carpets.

Used to set dyes in carpet dye applications.

Used to descale equipment.

Safe for synthetic fabrics.

Used to adjust pH in other chemicals

It Is Also Used For Removing an Over-application of Fluorochemical

Economical-Citric Acid coverage is up to 1000 square feet per pound. Dilution: To make a 5% solution mix 6 ounces of Citric Acid to 1 gallon of water.

1 pound makes 3 Ready To Use (RTU) gallons.

Where a 10% solution may be necessary mix 12 ounces per gallon.

Benefits of Using Chemspec Citric Acid: Corrects yellowing on 5th generation carpets due to excessive alkalinity.

Can be used up to a 10% solution with out rinsing. Used to remove yellowing caused by over application of after-market fluoro-chemicals on carpets.

For shipping, product will be placed in 3 mil bag, zip tied inside of a 12 X 12 X 12" cardboard box.
