Why Choose This Tool?

Large tile cleaning tools are great for open floor areas, but they often miss edges, corners, vertical lips, stair treads, restrooms, and detailed grout areas. The PMF U1590SB gives the operator a compact scrub-and-extract tool that can reach these difficult areas while still using pressurized solution and vacuum recovery.

Optional Add-Ons

- Install H58 filter next to quick disconnect
- PMF Hide-A-Hose conversion kit
- Male or female 1/4" brass quick disconnects
- Stainless steel 1000 PSI valve upgrade
- Top mount gun upgrade for higher pressure applications

Important Notes

- Quick disconnects are normally sold separately unless selected in the product options.
- Verify pressure rating, hose connection, and quick disconnect style before ordering.
- Display images are for reference only. Orders are fulfilled by the part number ordered.

Frequently Asked Questions

Can this be used on carpet?

No. This tool is designed for hard-surface scrubbing and extraction, not carpet cleaning.

Will this replace a larger tile spinner tool?

No. It is best used as a detail tool for edges, corners, stairs, grout lines, restrooms, and smaller areas. A larger spinner tool is usually faster for open floors.

Are quick disconnects included?

Quick disconnects are not included unless selected from the product options before checkout.
