PMF S1510 6Inch Wide Stair Wand 300 psi Brass Valve Open Spray Tool

Model Number: S1510

PMF S1510 6Inch Wide Stair Wand 300 psi Brass Valve Open Spray Tool

Manufacturer: Production Metal Forming

PMF S1510 6" Wide Open Spray Stair Tool - 300 PSI
The PMF S1510 is a professional 6 inch wide open-spray stair and upholstery cleaning tool designed for carpeted stairs, upholstery, auto interiors, RVs, tight areas, and fast detail cleaning. Its wider cleaning head helps cover more surface area than smaller upholstery tools while still remaining compact enough for stairs and confined spaces.
Key Features

- 6 inch wide cleaning path for faster stair and upholstery cleaning
- Open spray design for direct solution application and flushing
- 300 PSI rated for portable extractors and many truckmount cleaning systems
- All stainless steel construction, including nuts and bolts
- Extra-long handle with assist grip for improved control and leverage
- High pressure 2 ft solution whip included
- Removable stainless steel VisiFlo jet for easy cleaning and maintenance

Great For

- Carpeted stairs
- Upholstery cleaning
- Auto detailing
- RV and boat interiors
- Spot cleaning and edge work
- Areas too small for a full-size carpet wand

Why Choose This Stair Tool?
The PMF S1510 gives the operator a balance of size, durability, and cleaning speed. The 6 inch head is wider than many standard upholstery tools, helping clean stair treads and fabric surfaces faster. The long handle and assist grip help reduce bending and allow extra pressure on heavily soiled areas.

Frequently Asked Questions
Is this tool for stairs or upholstery?
Both. The 6 inch width makes it popular for carpeted stairs, but it can also be used for upholstery, auto interiors, and small-area extraction cleaning.
Is this an enclosed spray or open spray tool?
This is an open spray tool, meaning the spray is exposed for direct flushing and rinsing.
Can this be used with a truckmount?
Yes, when operated within the tool’s pressure rating and with compatible hoses and fittings.
Why use a 6 inch stair tool instead of a full-size wand?
A full-size wand can be difficult to control on stairs and tight areas. This compact stair tool gives better handling while still cleaning faster than many smaller detail tools.
