# Clean Storm RE700, Triple 200ft Live Electric Vacuum Hose Reel Package, 165 ft Hoses Plus Connecton Hoses for Truckmounts

Hose: Vacuum Hose - 50ft x 2.0in - Double Lined
Three sections in this package = 150 ft of 2" hose
PLUS 12 FT OF 2" (connects live reel to waste tank or filter box)

Shazaam: Vacuum Hose - 15ft Long (5 meters) x 1.5in ID
Used as a leader at the end of your 150 ft 2" vacuum hose.

Connector: 2.0in Barbed X 2.0in Barbed Plastic Hose Cuff
Three connectors in this package

Steambrite Supply

# Clean Storm RE700, Triple 200ft Live Electric Vacuum Hose Reel Package, 165 ft Hoses Plus Connecton Hoses for Truckmounts

Cuff: 1.5in Threaded X 2.0in Slip Vacuum Hose Cuff
Screws on at one end of the 1-1/2" vacuum hose and connects to the above 2" barbed connector to transition you from 2" vacuum hose to 1.5" ID. You can still use 2" wands and tools if you purchase an extra AH46 expanded hose cuff.

Note it is the installers responsibility to install a 25 amp fuse or a breaker at the point of battery connection and to double insulate your hot wire. Double insulate means to place your hot wire inside of another hose or jacket before you cable tie it to the frame. Installing a fuse or breaker at the point of battery connection insures that if you rub a hole in the side of the wire the breaker/fuse will trip.
Features

- Save over purchasing individually!
- Live Electric Reel for TruckMount Vacuum hose,
- Live Storage Side reel for solution hose or garden hose.
- 165 ft will clean 99% of every job you clean.
- Shipping 39 X 39 X 17 109lbs.

Documentation
Hose Reel Assembly manual
Additional Information
Self assembly required.

Notes: On live vacuum reels, please remove all vacuum hose off reel during use to minimize vacuum loss.
Extra hoses are to be stored on van walls.

"Live" means the machine can stay hooked to the reel at all time. This is Live vacuum and Live solution.
The average job uses 125 ft of hose so usually 40 ft of hose is left next to the bumper on driveway.
"Storage" means it just stores the hose for you. You remove the hose from the reel for use.

Purchase more 2" vacuum hose to hook your electric reel to your truckmount.

Clean Storm
SBHS3000

-Clean Storm Hose Set - 50ft (15 Meters) x 2.0in ID Vacuum & 1/4 in 3000 psi Solution with QDs installed

Purchase a second live solution reel for pressure washing. I want to clarify this statement. Their are two ways this is done. Pressure washing uses 3/8" ID pressure washing hose. This means you can add a second reel with 100 ft of 3/8" pressure washing hose OR you can add another 160 ft of 1/4" hose and mate both 1/4" hoses together on the pressure washing tool. See example below. The advantage to a Reverse Tee is that the 1/4" hose is still available for a second operator on tile and carpet cleaning work and still provides enough flow for pressure washing when they are combined together.
