Powrflite PS320 Industrial Sweepers

Increase performance with a Industrial Sweeper when the job is too big for a broom!

When you are faced with the big jobs, the large buildings, parking lots, or public areas, Powr-Flite's Piranha sweepers are the professional’s tool of choice. Piranha sweepers allow you to sweep thousands of square feet per hour, picking up debris that would clog conventional vacuums. Our line of commercial sweepers features one manual model and two battery operated sweepers. The Piranha manual sweeper is our most economical sweeper but packs feature after feature into a sweeper that is still lightweight and folds for storage. The battery operated Piranhas feature efficient, dust-free sweeping of small to medium sized areas both indoors and out and include our patented filter cleaning mechanism to keep the filter clean for continuous operation even when cleaning surfaces that are heavily covered with fine dust. But best of all, these sweepers are extremely easy to use. The variable speed drive allows easy sweeping on a variety of floor surfaces and the differential axle make the sweepers very maneuverable.

Piranha 32in Manual Sweeper Freight Included

This easy to push manual sweeper is hard working, lightweight, fast and easy to maneuver. The PS320 picks up metal shavings, nails, paper, leaves, soda cans…everything in its path, even small polystyrene and paper shred packing materials! And with the large rear mounted wheels, the PS320 will even climb steps! The unique Quadra Brush System combined with the large dirt collector, durable polyethylene construction, and fold up handle make the PS320 perfect for jobs such as small warehouses, machine shops, workshops, gas stations, retail, loading docks and sidewalks.
