Model Number: PS1000BC
Powr-Flite Piranha 39 inch Sweeper

Manufacturer: Powr-Flite

Piranha Industrial Sweepers

Increase performance with a Piranha Industrial Sweeper when the job is too big for a broom!

When you are faced with the big jobs, the large buildings, parking lots, or public areas, Powr-Flite's Piranha sweepers are the professional's tool of choice. Piranha sweepers allow you to sweep thousands of square feet per hour, picking up debris that would clog conventional vacuums. Our line of commercial sweepers features one manual model and two battery operated sweepers. The Piranha manual sweeper is our most economical sweeper but packs feature after feature into a sweeper that is still lightweight and folds for storage. The battery operated Piranhas feature efficient, dust-free sweeping of small to medium sized areas both indoors and out and include our patented filter cleaning mechanism to keep the filter clean for continuous operation even when cleaning surfaces that are heavily covered with fine dust. But best of all, these sweepers are extremely easy to use. The variable speed drive allows easy sweeping on a variety of floor surfaces and the differential axle make the sweepers very maneuverable.

Please note the use of sweeper is designed to pick up trash and not super fine particles. Some dust can become air born with the use of this indoors. In other words this is not necessarily a 100% dust free piece of equipment.

Piranha 39 inch Sweeper

Ideal for daily application under the most difficult conditions, the PS1000 is unmatched in performance levels in the hand-guided sweeper market. Designed for tough environments with a powder-coated steel frame combined with impact-proof, rotational molded polyethylene panels, the PS1000 is rugged with the durability for long lasting performance. The adjustable main broom and side brushes can be set at many different heights for maximum productivity. The PS1000 contains fine dust just as easily as it picks up debris. The particularly powerful fan creates a vacuum,

>

yielding a volume of more than 350 CFM with a high filtration negative dust filter that prevents dust from escaping the sealed debris hopper. The quantity and variety of debris pickup is unchallenged by all other sweepers. There is no comparison.

Product Features:

Battery powered with 3 hour continuous run time for maximum productivity

High filtration dust filter efficiently traps fine dust keeping it contained and from being released back into the air

Large 15.5 gallon dirt collector can be filled at 75% capacity…much higher than traditional sweepers

Mechanical filter cleaning mechanism removes up to 45% more dust than conventional cleaning mechanisms

Uses Quadra Brush System for efficient dust and debris containment

Product Specifications:

>

Model Number
PS1000BC

Power Supply
Battery, 2x12v, 105 Ah each, 500 w

Batteries
2 (included)

Drive
Forward and reverse chain drive system

Runtime
Approx. 3 hours

Capacity
15.5 gallons

Cleaning Width
40 inches

Speed
2.5 (in mph)

Work Rating
43,050 (in ft²/h)

Warranty
1 year motor, parts, workmanship, 5 years hood

Weight (lbs.)
213

EQUIPMENT WARRANTY INFORMATION

All Powr-Flite equipment has been carefully tested and inspected at the factory. It is guaranteed, subject to the terms stated in this warranty, to be free of defects in materials and workmanship. We will repair or replace any parts which, upon examination, prove to be defective in material and workmanship. For warranty claims, call our Customer Service Department.

NOTE: Electric cable switches, carbon brushes and couplings are excepted from these guarantees, but the purchaser is assured meticulous care has been exercised in the selection, assembling and testing of these parts before shipping. This warranty does not apply to damage caused by accident, misuse, negligence, abuse, fire or to any Powr-Flite product which has been repaired by other than an authorized Powr-Flite distributor or factory personnel. Warranty is void if products are used for any purpose other than that which was intended. Please read instruction manuals and maintenance instructions carefully.
