Commercial Vacuum Cleaners
Powr-Flite offers top quality commercial grade vacuum cleaners in a model for your specific requirements.

When you are vacuuming, it helps to have the right tool for the job. With Powr-Flite’s extensive line of commercial grade vacuums, it is easy to match the features you need to the job. Our upright vacuums feature heavy-duty low profile housing and wide furniture guards to protect the unit and surroundings during use. Everyone has a preference when it comes to vacuum bags so we made it easy. Most of our models come in either a Vacucide, treated shake out bag model or with the Enviro-Clean, high filtration paper bag. We also offer a heavy duty dirt cup model for fast, simple and clean waste disposal.

When it is necessary to keep the noise level to a minimum, our two ?tools on board? vacuums feature a clean air filtration system that operates powerfully, yet quietly with the Silent Run System. Our commercial vacuum line is completed with two wide area sweeper models and a convenient back pack vacuum. We know your requirements are varied so we offer models in every price range and with a wide range of features so that you can choose the equipment that best fits your specific requirements.

Janitorial technicians, carpet cleaners…everyone that uses this vacuum recommends it over any tools-on-board vacuum for powerful residential and commercial cleaning. The PF14 and PF18 vacuums feature dual motors for dedicated power to both the vacuum motor and the brush roll. The dual motors maximize cleaning efficiency and increase productivity. Add the 105 CFM and you have an unbeatable combination of suction power and pick-up ability. Even indoor air quality isn’t an issue with the clean air high filtration system. These vacs have a totally sealed filtration system that does not allow dust to escape and you can convert to HEPA just by adding a filter. You would expect to pay much more for a vacuum with this many features.
