ProsChoice CTI 3000, Anti Resoiling Agent ARA, Case 4/1

Model Number: 3000

ProsChoice CTI 3000, Anti Resoiling Agent ARA, Case 4/1

Manufacturer: ProsChoice

ProsChoice CTI 3000: Anti Resoiling Agent (ARA) Case 4/1
Description
ARA is designed to prevent rapid re-soiling of textile fibers. It is a soil preventing polymer that eliminates rapid re-soiling usually caused by a sticky substance or dirt that wicks up after a carpet has been cleaned.
ARA Reduces problematic soil by encapsulating it then releasing the soil when vacuumed.
Anti-re-Soiling Agent or ARA actually alters the capillary action to dry the sticky substances that cause re-soiling into a fine powder that will not attract dirt and can be vacuums up easily.
Specification
Appearance: Clear Liquid
Odor: Light Mint Odor
pH: 8.0
Flammability: Not Flammable
Directions

- Clean the carpet using a cleaning technique that leaves the carpet as dry as possible.
- Immediately following cleaning, spray an even coat of ARA onto the carpet in areas where rapid re-soiling is a problem.
- The quantity applied should be approximately 1 oz. ARA per 3 square feet of carpet.
- After the carpet is completely dry, vacuum these areas very thoroughly with an upright “rotating brush” type vacuum.

Always test in an inconspicuous area for color-fastness and suitability prior to use.
Safety
Keep out of reach of children!

Wear chemical gloves and eye protection when using this product. Use in well ventilated area only.

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.
