Clean Storm SBHS3000 Carpet Cleaning Hose Set 50ft X 2.0in ID Vacuum 1/4In 3000Psi Solution QDs Bundle 260-238-50 8102

Model Number: SBHS3000

Clean Storm SBHS3000 Carpet Cleaning Hose Set 50ft X 2.0in ID Vacuum 1/4In 3000Psi Solution QDs Bundle 260-238-50 8102

Manufacturer: Clean Storm

Clean Storm SBHS3000 Carpet Cleaning Hose Set – 50 Ft
2-Inch Vacuum Hose and 1/4-Inch 3000 PSI Solution Hose with Installed Quick Disconnects
Complete professional hose package: This bundle includes one 50-foot, 2-inch-ID vacuum hose and one 50-foot, 1/4-inch-ID high-pressure solution hose with male and female quick disconnects already installed.
The Clean Storm SBHS3000 provides the vacuum and solution hoses needed to connect a professional carpet extractor or truckmount to a carpet cleaning wand, upholstery tool, stair tool or other compatible cleaning accessory.
The full-size 2-inch vacuum hose helps maintain airflow and water recovery over longer cleaning runs, while the 3,000 PSI solution hose supplies pressurized cleaning solution to the tool. Both hoses are 50 feet long, allowing them to be routed together from the machine to the work area.
What You Get

Vacuum hose
One 50-foot-long, 2-inch inside-diameter vacuum hose with hose cuffs installed

Solution hose
One 50-foot-long, 1/4-inch inside-diameter high-pressure solution hose

Pressure rating
Up to 3,000 PSI maximum working-pressure rating

Quick disconnects
One 1/4-inch male plug and one 1/4-inch female brass quick disconnect installed on the solution hose

Steam-Brite part number
SBHS3000

Clean Storm SBHS3000 Carpet Cleaning Hose Set 50ft X 2.0in ID Vacuum 1/4In 3000Psi Solution QDs Bundle 260-238-50 8102

Product Highlights

- Matched 50-foot hoses: The vacuum and pressure hoses follow the same path between the extractor and cleaning tool.
- Full 2-inch vacuum airflow: Suitable for professional extractors and truckmount systems equipped for 2-inch vacuum hose.
- High-pressure capability: The solution hose is rated for operating pressures up to 3,000 PSI.
- Quick disconnects installed: Reduces assembly work and allows faster connection to compatible machines and tools.
- Double-lined vacuum hose: Designed to remain flexible while resisting collapse under normal professional extraction vacuum and heat.
- Non-marking solution-hose jacket: Helps reduce unwanted marks while the hose is moved across a jobsite.
- One convenient bundle: Avoids ordering the vacuum hose, solution hose and quick disconnects separately.

Typical Applications

- Portable carpet cleaning extractors
- Truckmount carpet cleaning systems
- Automotive detailing extractors
- Carpet and upholstery cleaning
- Stair and interior textile cleaning
- Water extraction and restoration work
- Compatible hard-surface cleaning tools

Compatibility Information
This is a broadly compatible professional carpet-cleaning hose set, but compatibility should be confirmed by the connection sizes—not by the machine brand alone. Before ordering, verify that your equipment uses:

- A connection suitable for a 2-inch-ID vacuum hose
- Standard 1/4-inch carpet-cleaning solution-hose quick disconnects
- A working pressure that does not exceed the rating of the hose, connectors or cleaning tool

A reducer or adapter may be required when connecting this hose set to a portable extractor or cleaning tool with a 1-1/2-inch vacuum port.

Recommended Accessories

- Vacuum-hose connector for joining additional 2-inch hose sections
- Velcro hose straps for keeping the vacuum and solution hoses together
- Solution-hose shutoff ball valve
- Hose bag for transportation and storage
- Corner guards to protect walls, trim and furniture
- Quick-disconnect pressure-release tool
- 1-1/2-inch vacuum-hose adapter when required by the machine or tool

Frequently Asked Questions
Does this package include both hoses?
Yes. It includes one 50-foot vacuum hose and one 50-foot high-pressure solution hose.
Are the solution-hose quick disconnects installed?
Yes. A male plug and female brass quick disconnect are installed on the solution hose.
Is the vacuum hose 1-1/2 inches or 2 inches?
The included vacuum hose has a 2-inch inside diameter. An adapter may be needed for equipment with a 1-1/2-inch vacuum port.
Can it be used with a portable carpet extractor?
Yes, provided the extractor and cleaning tool have compatible vacuum and solution

Clean Storm SBHS3000 Carpet Cleaning Hose Set 50ft X 2.0in ID Vacuum 1/4In 3000Psi Solution QDs Bundle 260-238-50 8102

connections. Many portable machines use a 1-1/2-inch vacuum port and may require an adapter.
Can it be used with a truckmount?
Yes. The 2-inch vacuum hose and 1/4-inch solution hose are commonly used with professional truckmount carpet-cleaning systems.
Can I operate the hose at 3,000 PSI?
The solution hose is rated up to 3,000 PSI. The machine, quick disconnects, valves, fittings and cleaning tool must also be rated for the pressure being used. Never exceed the rating of the lowest-rated component.
Does the package include a carpet wand?
No. This listing is for the vacuum hose, solution hose and installed solution-hose quick disconnects only. The extractor and cleaning tool are sold separately unless specifically stated elsewhere in the order.
Hose Care and Safety

- Inspect both hoses and all fittings before each use.
- Do not operate a hose that is cut, blistered, kinked, leaking or otherwise damaged.
- Release solution pressure before disconnecting or servicing the pressure hose.
- Keep hoses away from sharp edges, vehicle traffic and hot exhaust components.
- Do not exceed the pressure or temperature rating of the lowest-rated component in the system.
- Flush chemical residue from the solution hose after use when required by the chemical manufacturer.
- Allow hoses to dry before placing them into long-term enclosed storage.

Please note: Product colors, hose jackets, cuffs and fitting appearance may vary by production run. Display images are for general reference. Orders are fulfilled according to the part number and written description.
