Description

The Clean Storm 10-1455 Carpet Cleaning Wand is engineered for high-performance extraction and maximum durability. Designed with a 12-inch head and a double-bend 1.5-inch stainless steel tube, this wand offers full-flow vacuum extraction and effortless maneuverability on any commercial or residential carpet cleaning job. Its low-profile classic head design stands just 4 inches high, allowing you to easily clean under furniture and hard-to-reach areas.
Equipped with a robust 1200 PSI brass valve featuring a soft-opening control mechanism, the Clean Storm 10-1455 reduces hand fatigue while maintaining steady pressure control. Precision side splashguards contain overspray, ensuring clean, efficient operation. Built with welded overlaps between the head and vacuum tube, an adjustable handle, and an oval-shaped stress-free hand grip, this carpet cleaning wand delivers professional-grade strength, comfort, and reliability.
