Model Number: MBB15

Clean Storm MBB15, Extra Large 30in x 40in Mesh Hose Bag Heavy Duty Holds 50ft 2in Carpet Cleaning Hose

Manufacturer: Clean Storm

Clean Storm MBB15, Extra Large 30in x 40in Mesh Hose Bag Heavy Duty Holds 50ft 2in Carpet Cleaning Hose

Description

The Clean Storm Extra Large 30in x 40in Mesh Hose Bag is an extra heavy-duty commercial storage solution designed to securely transport and organize up to 50 feet of 1.5-inch or 2.0-inch vacuum and solution hose sets. Built for commercial carpet extractors, air duct cleaning systems, and industrial restoration rigs, this oversized mesh bag simplifies equipment setup, speeds up teardowns, and promotes maximum airflow to prevent moisture buildup and mildew growth on wet hoses.

Features

- Oversized Capacity: Designed to carry 25-foot or 50-foot hose assemblies in 1.5-inch or 2.0-inch diameters without overcrowding.
- Heavy-Duty Mesh Construction: High-tenacity breathable mesh and reinforced stitching resist tears, snags, and abrasive field conditions.
- Airflow & Ventilation: Open-weave mesh design allows rapid evaporation and airflow, drying damp hoses during storage and transit.
- Multi-Color Options: Ships randomly in durable blue, white, or black colorways depending on production inventory runs.
- Multi-Purpose Utility: Ideal for organizing power cords, air duct accessories, floor wands, and specialized extraction tools.

Applications

- Carpet extraction hose set storage (1-1/2" and 2" vacuum and high-pressure solution hose bundles).
- Air duct cleaning equipment, flexible ducting, and ductwork accessories transport.
- Commercial janitorial, pressure washing, flood restoration, and water damage remediation service vans.
- Truckmount and portable carpet cleaning extractor accessory containment.

Specifications

Brand
Clean Storm

Product Type

Clean Storm MBB15, Extra Large 30in x 40in Mesh Hose Bag Heavy Duty Holds 50ft 2in Carpet Cleaning Hose

Extra Large Hose & Accessory Mesh Bag

Overall Dimensions
30 in. W x 40 in. L (76.2 cm x 101.6 cm)

Hose Capacity
Holds up to 50 ft. of 2.0" or 1.5" Vacuum/Solution Hose Sets

Material Type
Heavy-Duty Breathable Mesh / Reinforced Synthetic Nylon Blend

Color Options
Blue, White, or Black (Ships random selection based on availability)

Closure System
Drawstring / Top Cinching Mechanism

Primary Application
Carpet Cleaning, Air Duct Cleaning, Restoration & Janitorial Hose Storage

Tips and Additional Information
Storage & Maintenance Tips: Always drain excess water from vacuum and solution hoses before coiling them into the bag to reduce overall transport weight. Coiling hoses in clean 3-foot to 4-foot loops prevents kinks and stress on cuff fittings during insertion. Allow the bag to hang in a ventilated area between jobs so moisture escapes freely, preserving both the bag fabric and your hose lines. Please note that exact fabric shades, weave patterns, and trim colors are subject to subtle manufacturing variations without notice.
Frequently Asked Questions
Q: Will this bag hold a full 50-foot section of 2-inch vacuum hose with solution line attached?
A: Yes. The 30in x 40in extra-large dimensions are specifically engineered to accommodate up to 50 feet of standard 2" or 1.5" vacuum hose along with bundled solution lines.
Q: Can I choose the color of the hose bag when ordering?
A: Bags ship in blue, white, or black based on current factory stock and warehouse availability (seller's choice).
Q: Is this bag suitable for heavy air duct cleaning attachments and accessories?
A: Yes, the heavy-duty synthetic mesh construction is designed to transport duct cleaning hoses, nozzles, brushes, and specialized janitorial hand tools.
