All Stainless Steel Fasteners Throughout

100 CFM Fan With Ball Bearings (ABEC #5) For Extremely Long Service Life

12 Hour Timer With Hold (7 Day Programable Electronic Optional)

45 Pores Per Inch Washable Filter

Electrical Specifications, Cautions & Warnings Screen Printed On Case

Replaceable Fuse

8' 16G Grounded Power Cord With Strain Relief

Model	TZ-1
Size	12 1/4" x 9" x 6
Weight	7 lbs. 9 oz.
Timer	12 Hour with H
Generator	Patented "SP-A Silicate Polarized Technology
Fan	100 CFM ABEC #5 Bearin
Ozone Output	1500 Milligram s Pe
Maximum Treatment Area (Cubic Feet)	60,000
Primary Volts / Amps	110 / 1
Secondary Volts / Amps	14000 / .35 m
Cycles	50 / 60
Case Material	Anodized Alum i .060 / 14 Gaug
Finish	Industrial Powder
Warranty	One Year Parts & Lifetim e Outp
Manufacturer's Suggested Retail Price	$668.50

SEE THE SPARK!

Total Zone ozone generators are the most modern, technically advanced systems on the market today. Total Zone TZ-1, TZ-2, TZ-4 & TZ-8 use a patented corona discharge technology known as “SP-ARC”, Silicate Polarized Arc. This new process allows the Total Zone ozone generator to produce much higher levels of ozone then any competitive model with little or no maintenance. The TZUV-300 & TZUV-600 use a proprietary UV Chamber with high output UVC lamps. All Total Zone ozone generators are designed and built for the utmost reliability in the harshest environments.
Works on Formaldehyde, Benzene, Ammonia, Radon too!
