Model Number: CV25SB

PMF CV25SB, Crevice Tool, 18in Long Internal spray, 500psi Brass Valve, Hand Wand, AW49

Manufacturer: Production Metal Forming

Internal spray crevice tool by PMF Tools

This is best used between 200 and 500 psi but does have a vacuum release thumb slide if you would like to use with extractor under 200 psi.

All Stainless steel construction with a 500 psi brass valve and 1250 psi rated pressure hose.

No QD is included. Please purchase a male or female QD to match your brand of extractor your are planning on using. If you do not know which one to purchase, purchase a male because this is what is used on 98% of all brands. Hydramaster, White Magic, Butler are the only factories that use Female QD's

Also marketed under part AW49 TOOL CREVICE INTERNAL JET

Optional:

Clean Storm  
AB08

Horse Hair Brush with Comfort Grip Handle For Upholstery Cleaning
