INCREDIBLE VALUE!!!!!

Steambrite MFG

Steambrite Manufacturing proudly presents our new commercial grade 175 rpm floor machines. Do not be taken in by slick marketing that suggests a great package deal based on a 1 horsepower machine. 1 horsepower machines are obviously less expensive but simply put, do not have the power needed to meet all commercial applications.

The new SBM floor machines come in 3 sizes, 17in, 19in and 21in, all backing a full 1.5 horsepower Imperial motor. These machines are being built for us by one of the oldest and most respected names in the industry, Mercury Floor Machines Inc. They have a frame that is sturdier than most of the competition and are ingeniously designed to block noise and reduce vibration.

Now compare our unbeatable package deal prices, and don't forget to check the HP rating (it'll probably be in the fine print).
