Pumptec 60063 217V Pump Head Only, 4 - 1/4in Side Ports, Buna Seals, M-Valve 80572 GTIN: N/A

Manufacturer: Pumptec

Pumptec 60063 217V Pump Head Only 4 - 1/4in Side Ports Buna Seals M-Valve Pump Head Only

Note for Kaivac Cleaning Machines

Note: to use in a Kaivac cleaning machine you just un-bolt the front head and re-use the front head from your original pump. This way the water goes in and out through the front and not the sides. This is super easy to do, as you just remove the head from the motor and then remove the two bolts on the back of the pump to remove the front face plate off the pump.
