Pumptec 60081 / 360U Pump Head Only – Replaces 60047 356U

56 Frame Pump Head | 4 Ports, 3/8" FIP | Up to 1200 PSI | Freight Included

This Pumptec pump head is the current replacement for the older Pumptec 60047 / 356U pump head. Pumptec now identifies the updated series as the 360U, formerly 356U. It is commonly used on commercial carpet cleaning machines, hard surface cleaning equipment, pressure washing systems, and OEM private-label units.

Important Upgrade Note

Item 60047 has been upgraded/replaced by Pumptec 60081. Depending on current factory production, this pump head may ship as a black 356U-style head or gold/black 360U-style head. Color is not selectable. The functional replacement is based on the part number supplied.

Key Features

- Current replacement for Pumptec 60047 / 356U pump head
- Pumptec 60081 / 360U pump head only

What Is Included?

- One Pumptec pump head only
- Motor is not included
- Regulator, cam bearing, fittings, hoses, and mounting hardware are not included unless shown as included above

Before Ordering

Please confirm your existing pump head, motor frame, cam bearing, plumbing port size, regulator range, and desired operating pressure. Pump pressure depends on the complete system, not just the pump head. Incorrect motor horsepower, cam bearing selection, regulator setup, nozzle size, clogged filters, air leaks, or poor water supply can prevent proper performance.

Common Applications

- Commercial carpet cleaning extractors
- Tile and grout cleaning machines
- Portable pressure washer systems
- Truckmount auxiliary pressure systems
- OEM replacement for Karcher, Hotsy, Landa, Prochem, Legend Brands, and Nilfisk Advance associated machines
