Pullman Holt Squeegee Vac 2HP 20GL w/Tools

Model Number: Evac 20SV

Pullman Holt Squeegee Vac 2HP 20GL w/Tools

Manufacturer: Pullman Holt

Pullman-Holt sets a new standard in design and construction of Commercial/Industrial Vacuum Cleaners. The 'Evacuator Series' Wet/Dry Vacuums are molded using the most advanced engineering resins and includes several innovative design features not available on other professional quality vacuums. Equipped with a commercial grade, long life motor and a revolutionary filter system, these new vacuums are unmatched in the industry for performance, noise reduction, reliability and service life. The 'Evacs' will pick up just about any kind of dirt, litter, debris, sludge, soot or liquids. Suitable for a broad range of applications including commercial, industrial, construction, automotive, institutional and more. The Evac 20SV is a 20-gallon, 2-hp vacuum equipped with a 30 in. squeegee that raises and lowers easily with a gear shift style hand brake and cable. The polyurethane squeegee blades pickup in both forward and reverse, conforms to irregular floor surfaces and can be easily replaced in the field.
