Pullman Holt 16in SC Floor Mach Sol Tank AC

Manufacturer: Pullman Holt

16" SC FLOOR MACH SOL TANK AC

Our weighted, heavy-duty floor machine provides the friction required to perform many types of stone maintenance and refinishing operations on today's stone floors. A unique "donut" weight is mounted underneath the deck of the floor machine for smoother and superior grinding, honing, polishing and crystallization. A motor canopy bracket allows the operator to add additional weights directly above the center of the motor for increased friction without compromising balance.

Features

- Cool-running large frame motors (AC or DC rectified) with all steel planetary gearboxes.
- Powder coated aluminum chassis is chip-resistant and corrosion resistant.
- Cam latch handle allows operator to adjust handle to any comfortable height.
- Metal on/off triggers with dual-deadman switch system for operator safety.
- Heavy gauge axle and extra wide solid wheels provides easier handling and transport.
- Continuous water feed hook-up or 4-gallon solution tank for dispensing of liquids.
- Special balanced pad driver holds synthetic pads or diamond discs firmly.

Availability: This product was added to our catalog on Tuesday 28 October, 2008
