Premium Grout & Stone Sealer 1696-1120

Cleaning and Sealing is Like a Hamburger with Fries!
Your customers absolutely want you to seal stone, tile and grout floors after you clean them. It just goes together like a hamburger and fries!
Premium Grout and Stone Sealer is a professional grade, water-based sealer far superior to "Home Center" products. It can even be used on damp grout right after you clean! It will protect stone, tile and grout from oil and water based-spills and dry soils. It penetrates deeply to offer the very best protection and won’t leave a "skin" to wear off like other sealers. It's effective on all grout and on absorbent and semi-absorbent stone and tile. Spray it on or apply it with the Injectimate Grout Sealing Kit. Grout is stronger when protected with this durable sealer.
