Manufacturer: Karcher Pressure Washing

Karcher 1.103-484.0 Water Blaster - 26 GPM @ 500 PSI - 230V 3 Phase
Karcher Water Blaster 1.103-484.0 is a high-flow, low-pressure industrial cold water pressure washer designed for applications where volume is more important than extreme pressure. With 26 gallons per minute at 500 PSI, this machine is ideal for wash-down, rinsing, flood cleanup support, agriculture, food processing areas, equipment yards, fleet rinse stations, and other large-surface cleaning jobs. Email for discounted Quote
This unit is listed under Karcher part number 1.103-484.0 and may also be referenced by older or related number 8.903-708.0. Legacy, Shark, Hotsy, and Landa references may appear in older documentation because these brands are under the Karcher professional pressure washer family.
Key Features

- High volume output: 26 GPM flow rate for fast rinsing and wash-down work
- Moderate pressure: 500 PSI is useful where high water volume is needed without excessive blasting force
- Electric powered: 230 volt, 3 phase power requirement
- Cold water design: No burner fuel, exhaust, or hot-water coil maintenance
- Industrial application: Built for commercial and professional cleaning environments
- Factory part number: Karcher 1.103-484.0
- Cross / old number: 8.903-708.0
- GTIN: 886622005230

Common Uses

- Large area wash-down
- Fleet and equipment rinsing
- Food plant and facility cleanup
- Farm, ranch, and agricultural cleaning
- Industrial rinse stations
- Flood cleanup and high-volume water movement support

Important Electrical Note
This machine requires 230 volt 3 phase power. Please confirm your building has the correct voltage, phase, breaker size, plug/receptacle style, and wiring before ordering. This is not a standard 120 volt or single-phase household pressure washer.
Before Ordering
Please email for current factory availability, freight quote, and lead time. Large electric pressure washers may ship by freight truck and may require a commercial delivery address, forklift, loading dock, or liftgate service. Specifications and factory part numbers are subject to change without notice.
