Model Number: SS1C

Heat Seal Equipment SS1C, 5ft X 1/4in White Stiff Rods

Manufacturer: Heat Seal Equipment

When going straight up in a shaft, these rods support their own weight and remain straight. These rods are made of the same material as our stiff rods only 1/4" I.D. instead of 3/8".

With steel fitting.

Users Comment: "These rods are very flexible."

** These are shipped direct from Canada, please expect a high shipping cost to import.

Availability: This product was added to our catalog on Saturday 29 November, 2008
