Description
For use with hot or cold-water pressure washers, this hose is rated for continuous temperatures of up to 250° F. Built to exceed the EN1829-2 standard and will provide superior abrasion resistance that will increase the life of the hose.
Double-wire braid hoses come with durable 8 inch bend restrictors on both ends. The unique "bite-the-wire" coupling actually reaches the wire braid for never-slip retention, far superior to the "compression" fittings used on conventional hoses. Each high pressure hose from Legacy has a permanently embossed identification to make for easy tracing and owner protection.
