Piranha Industrial Sweepers

Increase performance with a Piranha Industrial Sweeper when the job is too big for a broom!

When you are faced with the big jobs, the large buildings, parking lots, or public areas, Powr-Flite's Piranha sweepers are the professional’s tool of choice. Piranha sweepers allow you to sweep thousands of square feet per hour, picking up debris that would clog conventional vacuums. Our line of commercial sweepers features one manual model and two battery operated sweepers. The Piranha manual sweeper is our most economical sweeper but packs feature after feature into a sweeper that is still lightweight and folds for storage. The battery operated Piranhas feature efficient, dust-free sweeping of small to medium sized areas both indoors and out and include our patented filter cleaning mechanism to keep the filter clean for continuous operation even when cleaning surfaces that are heavily covered with fine dust. But best of all, these sweepers are extremely easy to use. The variable speed drive allows easy sweeping on a variety of floor surfaces and the differential axle make the sweepers very maneuverable.

The PS900 provides up to 3 hours of continuous run time with a work rating of 43,050 square feet per hour. Extremely easy to use, the PS900 has free-wheel drive where the power of the motor is transferred to both drive wheels simultaneously. The result - perfect handling even when cornering. The PS900 can go anywhere! The main broom and side brushes feature variable adjustment for different terrains and

the rear axle drive means the PS900 can climb ramps with a grade of up to 18 degrees. Use the PS900 in any commercial operation; large production plants, car garages, parks...any area where interior or exterior areas must be swept quickly, efficiently and dust-free.

Product Features:

Battery powered with 3 hour continuous run time for maximum productivity

Super quiet operation, the 65 dB rating allows workers to sweep in close proximity to offices without disturbing anyone inside

High filtration dust filter efficiently traps fine dust keeping it contained and from being released back into the air

Large 13 gallon dirt collector can be filled at 75% capacity…much higher than traditional sweepers

Uses Quadra Brush System for efficient dust and debris containment
