Manufacturer: Annovi Reverberi Pumps

AR Pump XWAM8G35N-SX Pump: 8/3500 1750RPM
Description
The Annovi Reverberi (AR) Plunger Pump XWAM8G35N-SX is a top-of-the-line, versatile product designed to produce 8 gallons per minute (GPM) with a powerful pressure of 3500 pounds per square inch (PSI). Operating at 1750 revolutions per minute (RPM), this pump combines both speed and strength to provide optimal performance. Whether you're involved in professional cleaning, agricultural sprayers, or need a high-pressure solution for your industrial work, this pump has your needs covered.
Commonly used in industrial cleaning and pressure washing, the AR Plunger Pump is also suitable for car washes, sewer jetting, and hydro excavation. Its dynamic functionality makes it a preferred choice among professionals and hobbyists alike, seeking a reliable, high-efficiency pump. Built to last with robust construction, this pump guarantees durability and longevity even under strenuous working conditions.
