Refurbished White Magic HE1800 Truck Mount Heat Exchanger w/Fitting holes Pro-1800 Coil Repair GTIN NA

Manufacturer: White Magic

Originally available from White Magic truckmounts who is out of business. In order for SteamBrite repair this item, you will be required to ship the original back to SteamBrite.

The exterior fittings are not included on this heater, just the main heater repair is included.
Please allow 6 weeks for the build.

What we do:
We will cut off the side of the hater and remove the broken copper coils.
We will replace with stainless steel tubing and brass high pressure fittings.
We then will had a replacement side cap with clamps so you can access the inside of the heater in the future if it ever breaks again.
