The best thing about the Clean Storm Carpet Extractor that makes it unique from other
Carpet Extractors is the fact that it is a much lighter machine, more durable housing. You will find this 12 gallon machine easy to move with its size and weight but You'll find it packs a punch when it comes to its cleaning power. This Carpet Machine comes with a 12 gallon fresh water tank and a 12 gallon waste tank. It has dual 3 stage vacuums and a 500 PSI pump, auto fill, auto dump @ 20 gallon per minute. This machine is auto fill and automatic dump. Just hook it to the sink for non stop production!
This is not your typical auto dump system. This is not like other auto dump pumps rated at 3 gallons per minute and only keeps up with carpet cleaning. This is a 20 gallon per minute pump out. This is strong enough to water extraction work! Why just purchase a carpet cleaning machine when you can purchase combination water extraction machine that does carpet cleaning too. More machine, More value.

This 6 stage vacuum system and 2" vacuum port can run up to 150 ft of 2" vacuum hose!
Please hose mount lint filtration to set up to ensure auto dump will not get clogged!
