- Designed for the matching stainless float tank
- Factory replacement part

Steambrite Supply

Karcher 8.710-034.0 Float water box Tank Lid Stainless Steel (343006) - 8.710-034.0 - Legacy Shark

- Commercial-duty stainless construction
- Tank, fittings, float valve, and mounting hardware are not included unless shown above

Key Features

- Genuine OEM Karcher replacement part
- Fits the matching Legacy / Shark stainless float tank
- Stainless-steel construction for commercial pressure washer use
- Helps keep debris out of the float tank
- Helps reduce splash-out during machine movement
- Direct replacement for missing or damaged lids

Common Reasons to Replace This Lid

- Original lid is missing
- Lid is bent, dented, or damaged
- Machine was purchased used and lid was not included
- Existing lid no longer sits correctly on the tank
- Corrosion, chemical exposure, or jobsite damage
- Preventing debris from entering the float tank

Fitment Notes
This lid is intended for use with the matching stainless float tank commonly referenced as 343006 or 8.710-029.0. Always verify your original part number, tank shape, and dimensions before ordering.
This page is not for the complete tank. If you need the full stainless float tank assembly, order the matching tank separately.
Before Ordering

- Confirm your original lid number is 343016 or 8.710-034.0
- Confirm your tank number is 343006 or 8.710-029.0
- Compare the product photo to your existing tank opening
- Do not order this item if you need the complete tank assembly

Installation Notes

- Remove debris from the top edge of the tank before installing
- Check that the lid sits flat on the tank
- Inspect float valve and inlet plumbing while servicing the tank
- Replace damaged fittings, screens, or float valves as needed
- Do not force the lid if the tank has been bent or distorted

Frequently Asked Questions
Is this the complete float tank?
No. This listing is for the lid only. The stainless float tank is sold separately.

Steambrite Supply
