Desiderio Plus Steam Cleaner (Continuous Fill & Chemical Injection)

Virtually unmatched and unchallenged, the Vapor Clean Desiderio Dry Steam Vapor Cleaner is limited only by your imagination. Equipped with a perfect combination of 311 degrees vapor power with a commercial strength two stage vacuum and combined injection system, the Desiderio will allow you to virtually clean and sanitize every surface imaginable.

The Desiderio steam / vapor and injection system gets out stains that conventional machines leave behind as well as eliminating the bacteria, molds and mites which cause annoying allergies. The Desiderio's water filtration system traps bacteria and dust in its collection tank and exits through an additional filter. Because of the advanced steam settings, even the most valuable furniture can be cleaned safely.

Thanks again. I also, LOVE my Desiderio, although I am still getting used to it! I'm cleaning everything in sight, including removed all the old paint off a concrete basement floor that was peeling and had mold and mildew growth under the paint. Of course, I did not use the Desiderio vacuum as I didn't want all the paint chips in the Desiderio, instead, I would wait for a while after removing the paint (using a stainless detail brush) until the loose paint dried then simply used my house central vacuum to clean up the dry paint chip mess.

I worked today at my folk's house disinfecting their carpeting with the steam and extraction. Even though they had vacuumed well before I arrived, you wouldn't believe the dog hair and dirt in the water!

I love the Desiderio. Fist off, let me say that the quality of the product is amazing. It seems like more of a commercial grade product than a consumer one. My husband calls me a clean freak because I am constantly cleaning something. I felt that my house was pretty much as clean as it could get - until I used this. I couldn't believe the stuff that was removed from around the faucets in my bathrooms. It was disgusting. Anyway, after owning this and cleaning with it for a while I am more confidant in the cleanliness of my home. I basically use it for almost every cleaning task that I perform in my house. Things seem to stay cleaner longer because I am not putting chemicals on the surfaces that I clean. My hardwood floors are where I have seen a huge difference. They used to look dull within a day after cleaning. Since using the steam, they look so much better, and I know they are REALLY clean. My favorite part about the Desiderio is that it can extract, which is great when cleaning carpets. I have two little children, and they manage to leave messes everywhere. This machine has never failed to remove a carpet stain - using only the steam, no added cleaners. The best part is that the stain doesn't come back!!! I really can't give any negative feedback. I have never had any problems with this

Vapor Clean Desiderio Plus Vacuuming Steam Cleaner Continuous Fill and Chemical Injection Freight Included 04000

cleaner. I would gladly give the Desiderio a 5 star rating. Thanks so much for an outstanding product!
Sincerely,
Jessica Gould

Hi,
Regarding the cleaner, I love that thing. I have discovered a negative though. It is such a deep cleaning machine, that I have to clean some spots 6+x. Reason being, the foaming issue. I have had this carpet for 7+ years and have used every chemical cleaner on the market, and as a result, I am removing 7+ years of soap, sprays, deodorizers etc. from it, which makes Desi foam at the mouth. Even though the water level isn't increased in the retainer area, the
cleaner products are reactivated. Any suggestions ?

Best Regards,
Deborah Romanoski GRI

Hi, I've really enjoyed the product and use it often for both regular and odd jobs. While I didn't purchase the machine for window cleaning I was amazed at how well it cleans windows! I've also used it on floors, carpets, furniture, auto interiors and bathroom surfaces. I've had no problems with the machine at all -- it just works!
Rick Graves

Hello there,
I recently bought a Desiderio, and I love it. I have been cleaning everything. I have started to clean the carpet in our office-it looks so nice and smells clean. It is an amazing machine, and I am so glad I bought it.
I wanted to order some of the crevice brushes, but didn't find them on your site. Do you have an order form or a list of products I can order?
Thank you for your time,
Claudia

4/28/2006 11:56:50 PM Eastern Standard Time
You can add me to your testimonials page. The cleaner works fantastic. What a super tool. I have had to watch the back end of the unit for all the soap spray that comes out of most carpets. I am putting about the same amount of elbow grease into most jobs but the satisfaction of getting ALL the crud out is huge. If your are interested in getting all the way down deep into the carpet and getting them as clean as they can possibly get, the Desiderio is way to go. Thank you.
3/23/2006 11:04:49 AM Eastern Standard Time We mainly purchased the Desiderio to clean our silk plants throughout our community, which currently numbers to 87

Equipment: Hard Surface Cleaning Supplies > Vapor Steamers > Vapor Clean Desiderio Plus Vacuuming Steam Cleaner Continuous Fill and Chemical Injection Freight Included 04000

Vapor Clean Desiderio Plus Vacuuming Steam Cleaner Continuous Fill and Chemical Injection Freight Included 04000

plants and as we continue to complete build-out in the next 5 years these plants will total over 380 plants. Instead of taking these plants (which many are trees and palms) outside to hose down and wait to dry, we are able just to steam clean them right in their location, saving lots of labor. Other areas we love the Desiderio is for cleaning the elevator tracks and getting the dust off the base of the living room and dining room chairs and tables.
