Pros Choice 6405, Oxygen Release Emulsifier, Envirex, 1 Jar 92 oz, UPC 078345004175

Model Number: 078345004175

Pros Choice 6405, Oxygen Release Emulsifier, Envirex, 1 Jar 92 oz, UPC 078345004175

Manufacturer: ProsChoice

Chemical Technologies International Inc
CTI Oxygen Release Emulsifier 6405

Description:
The “Oxygen Release Emulsifier” is a completely Biodegradable safer cleaner that utilizes natural oxygen released during the cleaning process to brighten textiles and destroy microorganisms. When used as directed, “Oxygen Release Emulsifier” will give you a cleaner, brighter, fresher, residue free clean. “Oxygen Release Emulsifier” contains no solvents, no butyl, no surfactant, no soaps and no chlorides.
Carpets cleaned with “Oxygen Release Emulsifier” stay clean longer because no residue is left behind to cause re soiling or contribute to chemical sensitivities.

Usage:
For Truck Mount extraction concentrate, dissolve 1 lb.(apporx. 3 cups) “Oxygen Release Emulsifier” Powder into 5 gallons of water and set flow meter at 6 to 8 GPH.
For portable extractors, dissolve ¼ lb. (Approx. ½ cup) into 10 gallons water. “Oxygen Release Emulsifier” may be used as a pre spray solution prior to cleaning. For pre spray solution dissolve 2 oz. “Oxygen Release Emulsifier” powder per 1 gallon of water and pre spray heavily soiled areas prior to extraction clean.

IMPORTANT:
To achieve best performance, cleaning solution temperatures should be from 150 to 200 degrees F. Higher temperatures will achieve greater oxygen release for better brightening and microorganism kill rate.
