Our new wet/dry vac models have the capacity and power for large water recovery jobs or dry debris pick-up in the shop or on the job site. They are perfect for hard floor maintenance jobs, recovering floor strippers and hard floor cleaners easily. The swivel hose connector allows 360° hose rotation, letting you move the vacuum without fear of disconnect. These wet/dry vacs feature a two stage filtration process with a washable permanent cloth filter bag that keeps dust from circulating back into the air and a super performance pleated paper cartridge filter for more efficient general application filtration.
*Shown with optional FM200 24 inch squeegee attachment.
