Model Number: 8.725-401.0

Karcher 8.725-401.0 25mm Complete U-Seal Packing Kit - Legacy Shark

Manufacturer: Karcher Pressure Washing

Karcher 8.725-401.0 25mm Complete U-Seal Packing Kit - Legacy Shark
Description
This 25mm Pump Complete U Seal Packing Kit 8.725-401.0 includes brass pressure and intermediate rings, high pressure seals, low pressure seals, seal support rings and o-rings to rebuild one piston. Replace the seals in your pressure washer pump with this repair kit. Designed for use in pump models H600, H700, HC800, HC950R, HHC950AR and more.
Features

- New U Seal design is stronger than the standard V Seal design
- Holds up better to spikes in water pressure, which occur every time the gun is triggered
- Seals are rated for temperatures up to 185 Degrees F.

Note

- If you are replacing V seals from an older (pre-2007) pump, you can upgrade to the newer U Seal design, simply by purchasing a quantity of 3 of this complete seal kit.
- Three cylinder pumps require three kits to rebuild the entire pump.
- Please check your owners manual first before ordering!
