Chemspec 847136001262 Prorestore OdorX 9-D-9 1 Gallon 431002000 9D9 Unsmoke odor counteractant

Manufacturer: Chemspec

ODORx 9-D-9™

A highly-concentrated general purpose odor counteractant.

9-D-9 is a general purpose smoke odor counteractant specially formulated to manage fire, smoke and other strong odors. Blended with the finest-quality ingredients, 9-D-9 helps to detoxify and knock down malodors fast and efficiently.

It is important that the solution come in direct contact with all contaminated surfaces that might be a source of odor. This provides an initial reduction of strong, objectionable odors.

0.94

Use Instructions
Applying 9-D-9 with a compression sprayer or an airless paint sprayer. Do not use with a fogger.

Preparing RTU solution: Add 3 ounces of 9-D-9 with enough water to make one gallon of ready-to-use solution (23 mL / L). Saturation spray smoke residue deposits.

Detoxifying smoke- and fire-damaged job sites: Treating smoke-damaged surfaces and charred materials with 9-D-9 solution inhibits the evaporation of toxic fire-related vapors.

For charred wood or additional odor control: Add 1 ounce of Last Resort™ to each gallon of 9-D-9 solution as prepared above (8 mL / L).

Use with other products: 9-D-9 may be added to other water-based cleaning solutions to increase their effectiveness.

For best results use 9-D-9 as part of the Guaranteed Three-Step Odor Removal System.

For complete instructions and safety data for this product, refer to the Use Guide and Material Safety Data Sheet, available under the Documents tab.
