ODORx Bad Odor Blocks™

Easy-to-use odor counteractant.

The Bad Odor Block is a simple, convenient method to quickly suppress odors in virtually any location. Available in a wide variety of pleasant scents, the natural wicking block starts dispensing when the block is removed from the sealed package. The Bad Odor Block media holds more than three times its weight in active ingredients for long lasting deodorization.

Place Bad Odor Blocks in vents, ducts, airmovers, automobiles – anywhere odo

system register, in the auto or wherever a fresher environment is desirable. Attach to intake of carpet dryer to control wet carpet odor during the drying process. See label for additional instructions.

Note: Because the deodorizer has oily components, be sure to use the block only in areas where contact with an oil will not cause damage. The oil might soften or discolor certain paints, for example.
