These solution hoses are built for the most demanding pressure and heat requirements of today's high heat and high pressure truck mounts. These ¼" solution hoses are rated at 3,000 PSI and 250ËšF. The steel braid construction gives the hoses both strength and flexibility. Plus, the composite rubber exteriors are non-marking, too. Hydro-Coil solution hoses meet manufacturer’s specifications for all high temperature truckmounts. Each 50’ section includes male pipe fittings and protector sleeves on both ends.

- Rated at 3,000 psi and 250 degree F, this nonmarking hose will withstand everyday abuse
- Steel braid makes it tough and also very flexible
- Meets manufacturer's specifications for all truckmount high-temperature machines
- The 15' section includes protector sleeves on both ends and male
