PMF U1515800C 4 inch Standard Upholstery Tool Closed Spray High Pressure (800psi Brass Valve) Hand Wand

Model Number: U1515800C

PMF U1515800C 4 inch Standard Upholstery Tool Closed Spray High Pressure (800psi Brass Valve) Hand Wand

Manufacturer: Production Metal Forming

PMF U1515800C 4" Closed Spray Upholstery Tool – 800 PSI Brass Valve
Part Number: U1515800C
The PMF U1515800C is a professional 4 inch stainless steel upholstery and detail cleaning hand tool built for higher-pressure carpet extractors and truckmount systems. The closed-spray design helps control overspray, retain heat at the fabric surface, and reduce splash-back when cleaning upholstery, auto interiors, stair edges, cushions, chairs, and tight detail areas.
Why Choose the U1515800C?

- 800 PSI high-pressure rating for professional extractor and truckmount use
- Closed spray design helps reduce overspray compared to open-spray tools
- 4 inch cleaning head is ideal for upholstery, auto detailing, stairs, cushions, and small fabric panels
- Brass valve provides durable solution control
- Stainless steel construction for long service life
- 9 inch handle gives good control in tight areas
- Welded stainless valve hanger for strength and convenience
- Made in the USA by PMF

Best Uses

- Upholstery cleaning
- Automotive interior detailing
- Fabric chairs and office seating
- Stair edges and risers
- Cushions, sofas, loveseats, and small fabric panels
- Truckmount and portable extractor detail work

Not included

Closed Spray Advantage
A closed-spray upholstery tool helps keep the solution spray contained inside the cleaning head. This can help retain more heat, reduce misting, and limit overspray on nearby finished surfaces. This is especially helpful when cleaning furniture, vehicle interiors, delicate edges, and areas where overspray control matters.
Important Connector Note
Quick disconnects are not included. Please add the correct male, female, or matched brass quick disconnect set to your shopping cart if needed for your extractor or truckmount hose setup.
Frequently Asked Questions
Is this the higher-pressure version?
Yes. This U1515800C version is rated for up to 800 PSI and includes a brass valve.
What is the difference between closed spray and open spray?
Closed spray tools contain the spray inside the tool head, helping reduce splash and overspray. Open spray tools are often easier to visually inspect while cleaning but can mist or splash more when used at higher pressure.
Will this work with my portable extractor?

Steambrite Supply

PMF U1515800C 4 inch Standard Upholstery Tool Closed Spray High Pressure (800psi Brass Valve) Hand Wand

Yes, if your machine uses standard carpet cleaning solution and vacuum hoses and operates within the tool’s pressure rating. You may need the correct quick disconnect fitting to match your hose.
Are quick disconnects included?
No. Quick disconnects are sold separately so the customer can choose the fitting style that matches their existing hose setup.
Is this good for auto detailing?
Yes. The 4 inch head and closed-spray design make this tool a strong choice for automotive seats, fabric panels, and tight interior cleaning areas.
