Model Number: U1530SA

PMF U1530SA Low Profile Internal Spray Economy Upholstery Tool 400 Psi Aluminum Valve Clear Head 1.5Inche Pipe Stainless Steel

Manufacturer: Production Metal Forming

PMF U1530SA Economy See-Thru Internal Spray Upholstery Tool

Part Number: U1530SA

The PMF U1530SA is a compact, budget-friendly upholstery and auto detailing hand tool with a clear 4 inch head and internal spray design. The enclosed spray jet helps control overspray while letting the operator see soil and rinse water through the clear head.

Key Features

- Internal spray design: Spray jet is enclosed inside the vacuum chamber to help reduce overspray.
- Clear 4 inch head: Lets the technician monitor soil removal and water recovery.
- Thumb slide vacuum relief: Helps control solution flow and suction on delicate fabrics.
- 400 PSI aluminum valve: Good economy choice for portable and truckmount extractors.
- 9 inch stainless steel pipe handle: Compact size for upholstery, stairs, vehicle interiors, and detail work.
- Whip hose included: Factory listing notes a whip hose rated for 140 degrees and up to 120 psi.

Best Used For

- Upholstery cleaning
- Auto and RV interior detailing
- Mattresses and cushions
- Stairs, edges, and small fabric areas
- Backup or economy hand tool for professional cleaners
- Non heated extractors but OK to use with hot tap water.

Connection Note

Quick disconnects are not included unless selected above. Please choose the correct male or female quick disconnect option to match your extractor solution hose before checkout.

Why Choose Internal Spray?

Open spray upholstery tools can mist outside the cleaning path. The U1530SA places the spray jet inside the vacuum chamber, helping keep solution where the vacuum slot can recover it. This is helpful when cleaning furniture, auto interiors, and other areas where overspray control matters.
