PMF U15W800 Edge, Crevice, and Cornering Wonder Carpet Cleaning Tool Wand For Filtraction Soil and Pest Control Stain Removal

Model Number: U15W800

PMF U15W800 Edge, Crevice, and Cornering Wonder Carpet Cleaning Tool Wand For Filtraction Soil and Pest Control Stain Removal

Manufacturer: Production Metal Forming

PMF U15W800 Wonder Tool Closed Spray Stair Edge Crevice Wand - 800 PSI
PMF Part Number: U15W800
Maximum Pressure: 800 PSI
Valve: Brass
Spray Style: Closed / Enclosed Spray Chamber
Construction: Stainless Steel
Handle: Double-Bend Design with Padded Assist Handle
IMPORTANT: THE PMF U15W800 IS A COMPACT 800 PSI CLOSED-SPRAY DETAIL WAND DESIGNED FOR EDGES, CREVICES AND OTHER HARD-TO-REACH CARPETED AREAS.
The PMF U15W800 Wonder Tool is a professional compact extraction wand designed for detailed carpet cleaning where a conventional full-size carpet wand is too large or difficult to maneuver. Its narrow head and double-bend design make it especially useful for carpeted stairs, edges, filtration-soil areas, pest control stains, crevices, automotive carpet and other confined cleaning applications.
The closed-spray chamber helps contain the solution spray while cleaning, while the 800 PSI brass valve allows the tool to be used with professional high-pressure carpet extraction equipment.

Stainless Steel

Handle Design
Double Bend with Padded Assist Handle

Applications
Stairs, Carpet Edges, Crevices, Detail Cleaning and Automotive Carpet

Quick Disconnect Included?
No - sold separately

Compact Stair and Edge Cleaning Wand
The U15W800 fills the gap between a conventional carpet cleaning wand and a small hand upholstery tool. Its compact cleaning head allows the operator to work along carpet edges, stair treads and risers, tight corners and other areas that are difficult to reach with a full-size wand.
The double-bend stainless steel design provides a comfortable working angle while the padded assist handle gives the technician additional control during detailed cleaning.
Closed Spray Chamber - 800 PSI Brass Valve
The closed-spray chamber helps control overspray and keeps the cleaning solution concentrated in the working area. This is particularly useful when cleaning near walls, baseboards, stairs and other areas where uncontrolled spray is undesirable.
The tool is equipped with an 800 PSI brass solution valve and a durable stainless steel solution line for professional carpet cleaning applications.
Useful for Gum Removal, Filtration Soil and Carpet Pest Control Stain Removal.

Steambrite Supply

PMF U15W800 Edge, Crevice, and Cornering Wonder Carpet Cleaning Tool Wand For Filtraction Soil and Pest Control Stain Removal

The narrow design makes the U15W800 especially useful for detailed cleaning along walls and carpet edges where dark filtration-soil lines can develop. It can also be used on other confined areas where larger extraction tools cannot maintain proper contact.
Quick Disconnect Not Included
A solution-hose quick disconnect is not included with the PMF U15W800. If your cleaning system requires a quick disconnect, order the appropriate 1/4-inch connector separately.
Also Known as the Gum Blaster
This style of PMF tool has also been marketed in professional carpet-cleaning equipment catalogs as the Gum Blaster. Reference numbers associated with this tool style include 8.697-193.0. Always order replacement equipment and parts by the specific PMF part number required for your application.

"Made in the USA."
Edge-Crevice-Stair Wonder Tool
U15W800-800psi brass valve

This 4inch wonder tool does it all. It’s double bend design makes it an easy,
comfortable wand to use.
