Maximum Pressure: 800 PSI

Valve: V1-EZ Forged Brass Valve

Spray Configuration: Open Spray / Dual Vee Jets

Construction: Stainless Steel

PROFESSIONAL 40-INCH LONG-HANDLE STAIR AND DETAIL CARPET EXTRACTION WAND FOR CLEANING STAIRS, UNDER BEDS, DESKS AND OTHER HARD-TO-REACH CARPETED AREAS.

The PMF S1530 Long Handle Stair Tool is a professional stainless-steel carpet extraction wand designed to give the operator additional reach when cleaning carpeted stairs, underneath beds and desks, along furniture and in other confined areas where a conventional full-size carpet wand can be difficult to maneuver.

The S1530 operates at approximately a 15-degree angle from the floor and uses a wide 9-1/4 inch stainless-steel pickup head. Its dual Vee jets provide solution coverage across the cleaning path, while the 800 PSI V1-EZ forged brass valve allows use with professional portable carpet extractors and truckmount carpet cleaning systems operating within the tool's specifications.

The wand is constructed with stainless steel components, including the solution line, nuts and bolts. A padded assist handle provides additional control, while the black vinyl upper grip helps insulate the operator's hand from heat during high-temperature carpet cleaning.

PMF S1530 Features

- 40-inch long professional stair and detail extraction wand
- 9-1/4 inch wide stainless-steel pickup head
- 800 PSI maximum operating pressure
- V1-EZ forged brass solution valve
