Model Number: M202-3

Powr-Flite M202-3 Dual Speed 175 320 RPM 1.5Hp 20in Floor Machine Millennium Edition

Manufacturer: Powr-Flite

Millennium Edition Electric Floor Machines

High performance commercial floor machines and floor scrubbers by Powr-Flite! The smoothest professional swing machines you'll ever use!

No other floor machines run like the patented Powr-Flite swing machines. Low-torque transfer design allows the smoothest operation because the workload stays on the floor, not in the operator's hands. These super high performance floor machines do it all! They scrub, strip, spray clean and buff, bonnet clean, shampoo, scrape, grind or sand. Every Powr-Flite floor machine features important patented safety features: one piece base and motor housing, completely enclosed capacitors, non-conductive base and motor housings, and no exposed wires. The unique, single piece molded motor housing of our floor machines provides precision balance to the entire machine and eliminates the jerk found in other machines at power start-up. The one-piece motor housing also makes it easy to access the motor for cleaning and servicing. Run a Powr-Flite floor machine just one time and immediately you'll recognize the difference in ease of operation and control.

20 Inch Industrial Electric Floor Machines/Floor Scrubbers

Powr-Flite offers high performance industrial floor machines with patented one-piece housing for longer machine life and easier use.

M202-3 175 or 320 RPM, 1.5 hp 20in Floor Machine

The M172-3 and M202-3 dual speed floor machines provide the versatility for every type of floor. With dual speeds you get two machines in one! You get the advantage of standard 175 RPM or high 320 RPM speeds for the most aggressive work loads ever. The 320 RPM has the power and speed to spray buff and dry polish providing excellent results. This machine is built to take the torque associated with bonnet cleaning and heeling of the floor machine. Powr-Flite floor machines feature a

>

patented rotationally molded housing that absorbs the shock and torque normally associated with running a floor machine.

Product Features:

NEW one piece all metal handle housing, tube and trigger assembly for aggressive cleaning

NEW safety lock out on handle with easy access thumb action - even with both hands on the handle

Heavy-duty all steel triple planetary transmission with 3 year warranty

NEW ultra high output 1.5 hp motor with lower amp draw for the ultimate in power

Patented rotational molded housing absorbs vibration and controls torque for easy operator control

>

Product Specifications:

Model Number
M202-3

Pad Speed
175 or 320 RPM

Motor
1.5 hp, UL listed, DC rectified

Transmission
Triple planetary drive, all steel gears

Power Cord
50 ft. UL listed 14/3 STW-A

Base Housing
One piece vented, high density polyethylene

Wiring
All completely enclosed in housing

Operation
Convenient, switch housing mounted

Handle
Steel tube 1.5" diameter

Wheels
5 inch non-marking, self lubricating

>

Warranty
10 yrs. housing, 5 yrs. motor, 3 yrs. transmission, 1 yr. on parts

Weight (lbs.)
110
