PCS 50-5019 Hydro-Shark Moisture and Urine Sensor Meter 8.697-417.0 V021706 H-Shark (Backorder: ESD End of Nov 2026)

Manufacturer: PCS Distributing

PCS 50-5019: Hydro-Shark Moisture and Urine Sensor Meter - V021706

Description
The Hydro-Shark is designed to meet the tough demands of the water restoration industry. The Hydro-Shark is the only moisture detector that was ran over 3 times by an SUV and continued to work. Even rough handling by busy technicians can't hurt the Hydro-Shark. The moment the Shark detects moisture in carpet, drywall and wood (even if it is trapped in urine), a bio-hazard light flashes and a beep sounds. It is so sensitive, it will detect moisture on your fingers! This state-of-the-art tool is crafted of stainless steel with a no-slip rubber grip and convenient battery portal.

Never wade into uncharted waters without teeth! In an ocean of choices, go for the moisture sensor you can count on to deliver results.
Features

- 31 inches long
- Heavy duty stainless steel
- Non-slip rubber grip
- 9 volt replaceable battery
- Biohazard light flashes and beep sounds when moisture detected
- Manufacture Warranty
