Westpak 10-1420, 10-Inch Stainless Steel Collapsible Carpet Cleaning Wand, Single Jet, 10-0455, 330-11003FB

Manufacturer: WestPak USA

Westpak 10-1420, 10-Inch Stainless Steel Collapsible Carpet Cleaning Wand, Single Jet

Description

The Westpak 10-1420 is a professional 10-inch stainless steel collapsible carpet cleaning wand engineered for portable extractors and spotters. Featuring a low-profile 10-inch head, single jet design, built-in 1200 PSI high-pressure valve, and a 1.25-inch telescopic pipe that breaks down easily for transport, this durable wand delivers superior cleaning performance and convenient storage in tight spaces.

Features

- 100% heavy-duty stainless steel construction for maximum corrosion resistance and longevity.
- 10-inch low-profile cleaning head designed to easily reach under furniture and into confined areas.
- Single-jet configuration optimized for efficient water distribution and quick drying times.
- Integrated 1200 PSI high-pressure control valve equipped with a male quick-disconnect (QD).
- Collapsible 1.25-inch telescopic pipe that breaks down for seamless transport and compact storage.
- Pipe end flared to 1-1/2 inch outer diameter (OD) for secure universal vacuum hose cuff connections.

Applications

- Portable carpet cleaning extractors and spotters with single 2-stage vacuum motors.
- Residential and commercial carpet, rug, and upholstery maintenance.
- Automotive detailing and vehicle interior upholstery cleaning.
- Compatible with systems utilizing Sandia Plastic 10-0455 and EDIC 330 series extractors.

Tips and Additional Information
Ensure proper thread sealing practices by utilizing high-quality thread sealant or PTFE tape on threaded connections to prevent high-pressure leaks. During installation, align quick-disconnect fittings securely and verify that the telescopic locking collar is firmly tightened before operation. Perform a pre-installation inspection of the high-pressure valve, spray jet, and vacuum hose cuff connection to check for wear, debris, or blockages. Handle the collapsible pipe with care during breakdown to maintain smooth telescopic sliding action.
Frequently Asked Questions
Q: Is this wand collapsible for easy transport?
A: Yes, the 1.25-inch telescopic pipe breaks down easily, making it highly compact for transport and storage with portable spotters.
Q: What size is the vacuum hose connection?
A: The pipe is flared at the end to a 1-1/2 inch outer diameter (OD), designed to fit standard vacuum hose cuffs securely.
Q: What is the pressure rating of the built-in valve?
A: The integrated high-pressure valve is rated up to 1200 PSI and comes equipped with a male quick-disconnect fitting.
Warranty & Safety Information
This product is backed by a standard manufacturer warranty covering defects in materials and workmanship under normal operating conditions. Warranty coverage is voided if the equipment is operated above its maximum pressure rating (1200 PSI), subjected to unauthorized modifications, damaged through chemical misuse, or used with improper thread engagement leading to high-pressure leaks or disconnect hazards. Always wear appropriate personal protective equipment and relieve system pressure before disconnecting quick-disconnect fittings.
